What's New

Thomson Research covers the full spectrum of financial data.
Providing access to more than 6 million source documents from over 12 robust databases including EDGAR As Filed. Since the documents are not reformatted by an outside source, financial information is not truncated and all data appears as the filer intended.

Target exactly the information you want with superior precision and speed.
New features such as Image Compressionsave you valuable time and resources. This preferenceable feature allows quicker downloads of Image filings, at a 4 to 1 ratio via an auto load of proprietary software.
